Alecsandro Vitale

751 Marsh Street
Suite 200
San Luis Obispo, CA 93401

Dear Mr. Vitale,

My name is Gabriel Herrera. I'm writing to submit my application for the open Architect position at TETER advertised on TETER Careers. I'm a diligent high schooler born and raised in the Central Valley pursuing architecture at Brown University and Rhode Island School of Design. My home state is a place near and dear to my heart and I am confident that my skills and experience, given the opportunity of employment at TETER, will bring an extra value to your team.

Throughout my academic career, I've received consistent praise for my initiative, uncompromising quality-work, and creativity by professors and classmates. The experience I have had coordinating and hosting community events, like the Second and Third Annual Gallery of the Arts at Ripon High School, and working with individuals outside of my age-group within public services at the Ripon Library have aided my development as a confident communicator and competent guide. In these capacities and many others I have refined my creative process, attention to detail, conflict-resolution, and leadership skills; qualities I'd love the opportunity to leverage in the open role at TETER.

TETER itself is a testament to high performance and high standards, both pillars of my personal values. I would expect no less from myself if I were to fill an open position at your business. I hope the combined strength of my resume and cover letter shines through to convince you that I'm a diligent and reliable candidate. I look forward to meeting you soon to discuss the value I can bring to your business, and share my personal goals in building a better Valley.

Thank you for your time and consideration in reviewing my application. I look forward to scheduling an interview with you soon.

Sincerely,

Gabriel Herrera
